GRADE	Annual Measurable Objectives		
Not Rated	<p>Annual Measurable Objectives (AMOs) compare the performance of all students to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in ELA, math and graduation – and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.</p> <p style="text-align: center;">English Language Arts</p>	<p style="text-align: center;">Math</p>	<p style="text-align: center;">Graduation Rate</p>
AMO Points	<p>This school does not have an Annual Measurable Objective for Reading because there were not enough students to evaluate.</p>	<p>This school does not have an Annual Measurable Objective for Math because there were not enough students to evaluate.</p>	<p>This school does not have an Annual Measurable Objective for Graduation Rate because there were not enough students to evaluate.</p>

AMO Points have not been calculated because there are not enough students to calculate any of the three AMO components.

The red line on each graph identifies the Annual Measurable Objective. The 2017 AMO for ELA is 89.4%, for Math is 86.5%, and for Graduation Rate is 85.1%. Subgroups with fewer than 30 students are not rated and do not appear on the graphs.
